AFFAIRS CAUGHT HASTILY.

What News Gatherers Take a Moment to Tell About.

Farmers are busy hauling fertilizing material.

Picnics and outing parties are still as popular as ever.

The tomato crop is large and the fruit is cheap this year.

Fancy shoes do not find favor among women of best taste.

Somehow it rains this season without the least provocation.

The prettiest thing in dress goods this season is a pretty girl.

The hotter people feel toward each other the cooler they act.

Another delightful break in the sultry weather of the past few days.

Sunstroke cases have been much fewer this summer than for many years past.

Shortening days admonish the people that the summer season is speeding.

With cheap sugar and plenty of fruit every home can have preserves this year.

When peaches become a "drug" in the market, it is a medicine greatly relished by the most healthy.

Don't keep decaying vegetable matter around your back yard. It is disease breeding and nauseous.

The grapes are ripening and already have appeared in market.

Native fruits—apples, pears, peaches, plums and grapes are abundant and very cheap compared with former years.

White face calls, entirely plain or with a flowered border, and large enough to come well over the chin, are now among the "must haves" of a watering place wardrobe.

Never was there such a demand for crocks and glass fruit jars as there is the present season. Fruit is plenty and sugar is cheap and every advantage should be taken of securing an abundant supply.

As a rule, the average man and woman give themselves little concern about the insect horrors around them. If they can shake off the mosquitoes, flies and a few kinds of bugs they are content. But the insect tribes destroy fully \$35,000,000 worth of crops annually in this country for our farmers and fruit growers. They are not so insignificant as we believe.

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

At the Same Price.

A Budget of Interesting Articles on All Topics.

The Mahanoy City 7th-Weekly Record says: Under the head of "Deaths" in to-day's paper will be found the funeral notice of Emma Rebecca, infant daughter of George and Emma Yienget. According to the statement of the father there are some strange circumstances connected with this death, which should be fully investigated. Mr. Yienget says his troubles, which have culminated in the death of the child, date from the time that the Oulja, (the fortune-telling toy), "said" that he had poisoned some dogs belonging to some people living in the neighborhood in which he lives, West Centre street. The owners of the dogs threatened to get even with Mr. Yienget. They withdrew their trade from his butcher shop, and in many ways indicated their sense of injury at the supposed wrong he had done them. He is willing to take an oath, however, that he did not poison the dogs. Four weeks ago last Friday a valuable cow owned by Mr. Yienget took sick and died within three days, the indications all pointing to the poisoning of the animal. His infant daughter, aged 6 months, was fed from the milk of the cow. On the day the cow was taken sick, Mr. Yienget milked it as usual and the milk was given to the child. The child was taken violently ill. Dr. P. H. Hermy was summoned, who pronounced the child suffering from some poison taken in the milk. The child recovered, apparently, from the effects of the poisoning, if such it was, but was immediately after attacked with whooping cough, and a combination of diseases, culminating in brain congestion. Its death occurred Sunday. The bereaved parents have our sincere sympathy in their sad affliction.

George Hope, of Butler valley, has a curious fowl that has a head like a rooster and a body like a hen. It crows, and yet lays eggs daily.

Hungarians are leaving Hazelton for British Columbia.

The P. O. S. of A. camp of Freeland is building a three-story brick hall, 27x75 feet.

The coroner's jury selected to investigate the circumstances surrounding the death of Anthony Dougherty, who was found dead on the Lehigh Valley railroad about ten days ago, has decided that Lawrence Derr, the man suspected of being implicated in Dougherty's murder, is innocent and that Dougherty met death by lying down on the track in an intoxicated condition and being run over by a freight train.

An Excellent Production.

Planquette's charming opera, "The Chimes of Normandy," was produced by the Miliken Opera Company at the Palace theatre, Girardville, last evening to a fair-sized audience. Col. Miliken, proprietor and manager of the combination, has spared neither pains nor money in placing a first-class opera company before the public, as was evinced by last night's production. The Colonel himself, a model gentleman, is a veteran showman, although never having played in this section of the country before. May this be a prosperous season for him!

STRAW HATS

A BIG SALE IN STRAW HATS.

STRAWS show the way the wind blows, but they don't show what hard blows we have been striking at straw hat prices. Some hats are dear at any price, these hats are cheap at double the money. If what covers your head is not becoming to you, all the pains you take as to the rest of your attire are simply thrown away. Come and see how you will look in one of our 50c straw hats. There's no use in giving any further description of them than to say this—they are stylish. We cut the price down because we want to cut our stock down. Another big bargain in hats is our \$1 black stiff hats.
